INTRODUCING...
THE \$20.00 WEBSITE
FOR NON-PROFITS

Are you thinking about putting up a website? Websites seem to be a way of life these days. Businesses, governments, churches, agencies, and even families have websites. But getting a website up and running can be expensive. The cost for a basic, informational website design and markup can range from a few hundred dollars to thousands. In addition to the website design and creation, a Domain Name must be chosen and registered and a hosting company must be selected. Then your new website must be designed, programmed and published to the World Wide Web. Once up and published, your website content must be updated periodically to keep information current.

Not everyone has the time to invest in getting a website up and running. And those who do have the time might not have the skill and expertise within their church or organization to put it all together. For some it is very do-able. But for others, in-house website design and maintenance is just not feasible.

With all this in mind, Redmons LLC introduces the \$20 Website for churches and non-profit organizations. If you are a

non-profit organization, let us register your Domain Name, design, create, host, publish and maintain your site for you. Once published, our Webmasters will update your website content when needed to keep your message current and fresh. Just e-mail your copy ready updates to us as an MS Word file attachment and we do the rest.

It's that simple!

HERE'S THE DEAL!!!

1. Provide documentation (show us...) of your non-profit status, and...
2. Enter into a three year agreement with us to register your domain name, host, maintain and update your website, and...
3. Prepay the \$20.00 first year Domain registration fee and the first three month hosting charges at \$20.00 per month, and...

We Will Design, Create and Publish Your Basic Website for...

\$20.00!!!

Everything you need is here in a Cost Effective package that will fit into the budget of most Churches and Non-Profit Organizations!

Normally website design and redesign services are charged by the hour and are a one-time cost in addition to monthly hosting and content update. An annual Domain Name registration fee is also a separate cost. However, now the cost for your website design, creation and publishing is only...

\$20.00!!!

OTHER SERVICES, OPTIONS AND COSTS...

Normally we bill basic website design and publishing at \$30.00 per hour – averages 4 to 15 hours. With the \$20 Website deal the cost is only \$20.00.

- The \$20 Website Offer is available only to Non-Profit Organizations and Churches east of the Mississippi.
- Once designed, approved and published, any requested design changes to the original website design will be billed at a flat rate of \$30.00 per hour.
- Your \$20 Website Package comes with 10 minutes of free update time per month. This is adequate for most of our clients.
- Money saving Webmaster Service Packages are available as an inexpensive Add-On should you need additional update time on a recurring monthly basis.
- Monthly website content update time incurred in excess of your contract package monthly minutes will be billed at a flat rate of \$.50 per minute and will appear on your quarterly billing.
- Domain Name Registration costs \$20.00 per year.
- Your \$20 Website comes with five free POP3 mailboxes using your chosen Domain Name. For Example:
pastor@yourchurch.org
- Additional POP3 email boxes are available at a small additional cost.
- All Packages are Billed and Prepaid Quarterly.
- A penalty fee is charged for early contract termination.
- We support and service only the Domains we host.
