A Stewardship and Giving Emphasis Program for Congregations

PROGRESS REPORTING VIA EMAIL

Our wishes are for your giving emphasis program to be successful. In order to provide assistance to you in a timely manner, we need to hear from you on a regular basis. For this reason we ask you to report on a weekly basis via email, beginning with the second Sunday prior to Week #1. We suggest that Sunday afternoon might be a good time for reporting. Of course, hearing from you will be welcomed at any time. Feel free to contact us whenever a problem might arise or assistance is needed. Because we might have several campaigns in progress concurrently, please use the format below when emailing. Thank You.

1. Identify yourself and the name of your church, city and state.
2. Identify the Week # you began this morning.
3. Status: Are things going well?
4. Identify any problems or challenges you might be facing.
5. Suggest changes or additions to the program that might make it better.
6. Offer any additional comments as you choose.

Send your progress reports via email to the following: stonesoup@redmons.com

Your report may be no more than “All is well.” but send it just the same. That way we will know that you are progressing in good order. Again, Thank You.
